## Saqqara Online

« As co-directors of the Leiden Excavations in the New Kingdom Necropolis at Saqqara we are pleased to announce that our website <http://www.saqqara.nl>, from now on is no longer « under construction ». We hope that this modern means of communication will contribute to a better understanding of the cultural importance of this part of the Saqqara necropolis by a public around the globe.

**n** Beside general information on the area and its archaeological history, the core of the website is, of course, the series of successes of the joint expéditions of the Rijksmuseum van Oudheden (RMO, The National Museum of Antiquities) at Leiden and the Egypt Exploration Society in London from 1975-1998, directed by Prof. dr. G.T.Martin, and of the RMO and the University of Leiden (1999-present).
